

2020-21 Senior Parent Night Questions and Answers

- Is the senior project happening and what will it look like considering the pandemic?
 - **The senior project will begin in December. The project will be adapted to the realities of a COVID learning environment. There will be more information about how it will look in December.**
- What will the senior project look like for students who are taking the civics course at a different high school?
 - **Students taking an American Government course at another high school will remain in the class for the rest of the year and will not be participating in the senior project. These courses include a focus on Contemporary World Problems and traditionally include projects of their own. Completion of the required course work for the class (whether at International School or another school) is sufficient for the grade and credit of the course. This will not have an impact on their graduation from International School and will be in effect only for the 2020 – 2021 school year.**
- There is a lot of angst about Sr Projects and I don't know what that is about. Should I, as a parent, be more involved to ease the angst?
 - **Right now, seniors should be focused on their schoolwork and college applications. They don't need to do anything for the senior project until they receive more information in December.**
- Will Yearbooks be added to seniors' cart for payment?
 - **Yearbooks will not be automatically added to the cart, you will need to add it through TouchBase. <https://wa-bellevue.intouchrecepting.com/>**
- What's going on with community service this year?
 - **Discussions around community service for graduation are happening currently. Once there is information from the district, it will be shared with the International community.**
- Will there be a way to let the colleges know that SATs have been canceled? We have had March, August and now the October test canceled.
 - **This can be shared in the additional information section of an application. Many colleges have decided to be test-optional this year, however, it's best to check with the college on how they are handling testing this year.**
