In your heart, helping other people is very important. You want to make the world better by helping people in small ways or big ways.

### COMPETING

You see many things in life as a game, and you feel great joy when you win. You truly hate to lose because you are always striving for first place.

### CONFIDENCE

You believe in yourself and what you can do. This helps you take on challenges because you feel sure you can succeed.

### DEPENDABILITY

Trust is important to you, and you care about being seen as responsible and trustworthy. People count on you to do what you say you will do.

Your mind loves to think and dream about the future. You are a person who thinks about what is possible, not what is impossible.

### ORGANIZER

Scheduling, planning, and organizing your world makes life better. People count on you to get the details right and pull a plan together.

### PRESENCE

You were born to be at the front of the room telling stories and taking the lead. Other people watch you and listen to you.

### RELATING

You like to start friendships and keep them for a long time -- maybe even your whole life. You widen the circle of friends for yourself and others.

- **Guiding Questions:**
  - Have you received all As in your class?

  - Do you feel prepared socially and emotionally?
  - In the future, will you be able to manage your time, extra-curricular, and most importantly, self-care well?
