King County Library System Student Accounts Access to databases, ebooks, audiobooks, magazines and free homework help from live tutors.	Due to a unique partnership between the Bellevue School District (BSD) and the King County Library System (KCLS), all BSD students have a special library account that allows instant access to online materials directly from KCLS. Since it's all digital, there are never any fines or due dates to keep track of! *(Note: If your student already has a traditional KCLS library card, they can use either account number to access online materials.)* In addition to databases, ebooks, audiobooks, magazines and more, this account also gives users access to free homework help from live tutors. 1. Always start your search at: www.kcls.org/students. **Since Student Accounts provide access to electronic materials only, you'll need to start at the Students Page instead of the main KCLS catalog. If you attempt to log in using the main KCLS login button, you will receive an error message**. Log In My KCLS ⌄ 2. Click on "Elementary Students". Click on the Database, ebook or audiobook you would like to use or download. When prompted for an account and pin, use the following information: 3. Your student account number ("Library Card Number") is Bellevue School District's three digit number, **405,** followed by your 6 or 7 digit student ID, with no dashes or spaces. _4_ _0_ _5_ ___ ___ ___ ___ ___ ___ ___ (Don't forget to type 405 first!) PIN = **last 4 digits** of your student ID.
