Rental Assistance Resources:

The following organizations are able to provide rental assistance to families at this time (COB has given them emergency funds for this purpose):

1. [https://www.lifewire.org/get-help/safer-housing/](https://www.lifewire.org/get-help/safer-housing/)
2. [https://www.hopelink.org/need-help/financial-assistance](https://www.hopelink.org/need-help/financial-assistance)
5. [https://www.solid-ground.org/](https://www.solid-ground.org/)

To receive rental assistance a family does not need to provide an eviction notice, a letter from the landlord will suffice indicating that they have not paid their rent for the month. No social security number should be requested, and they can be flexible with income verification.

6. **Bellevue Life spring** also provides rental assistance but they have separate regulations, an eviction noticed may be requested. Go to [BellevueLifeSpring.org](https://www.bellevuelifespring.org) for details.
