

Peer tutors available for students who want help

We offer a Peer Tutor program to students who want to improve their learning.

We connect volunteer tutors to students who request help.

We ask that interested students request the tutor directly (using the links below).

The peer tutor relationship does not work when your student is a reluctant participant. You can prepare your student to embrace peer tutoring by starting with an adult tutor or working with the teacher in asynchronous time.

[To Volunteer to Become a Tutor, Click Here](#)

[If Your Student Wants a Peer Tutor, Click Here](#)

Both the tutor and the requesting student will receive an introductory email. The two students are responsible to make contact and go from there.

If you do not hear from your peer tutor, please contact [Wendy Woodard](#). These are volunteer students; sometimes they or family members become sick, etc.

Below is a sample introductory email that explains the process and includes links to resources:

- 1) [Student Handbook](#) requirements for online behavior
- 2) reporting volunteer hours.

Good Morning **Student 1 and Student 2.**

To the Tutor:

Thank you for being a Peer Tutor. We have signed you up to be an **Honors Frosh Comp and Biology** tutor with the following student: **Requesting Student's Name.**

The student provided the following email address for contact: s-xxxx@bsd405.org

Please contact **the student** and make arrangements to meet via email and/or Microsoft Teams, following all Online Guidelines and Expectations outlined in the [Newport Student Handbook](#).

Please enter your Peer Tutoring Volunteer Hours into Naviance using my information as the contact person (see below). You have two school days at the end of each month to complete the [Peer Tutoring Volunteer Hours](#).

To the Requesting Student:

Tutor's Name has graciously signed up to be your tutor. Please arrange with them about scheduling. They can be reached at: s-xxx@bsd405.org

If you have any questions, please notify [Wendy Woodard](#) in the school office immediately.

If you do not hear from your tutor or your tutee, please let her know that as well after one week.
