

Position Openings

Camera Operator (Live Sports)

(Paid on the job training is available)

This position requires an individual to create a high volume of content, in this case it would be sports games at elite youth tournaments in the greater Seattle area. The Camera Operator will be responsible for setting up a field sports production hub that includes a 12' tripod with motorized pan/tilt head, camcorder, field monitor and streaming box. Additionally, this person will operate the camera during games to ensure proper game coverage and streaming.

The tournament games and required times for this position would be mostly weekends with occasional Fridays and Mondays.

The Camera Operator will work very closely with the field production team at the tournament that includes on-air talent, producers, and production assistants.

Requirements:

- Some Audio/Video experience working with prosumer camcorders and shotgun microphone (training can be provided)
- A desire to learn and grow
- Work quickly and be able to troubleshoot issues in an effective and time efficient manner
- Responsible and punctual
- Working weekend days

Pay:

- Competitive hourly pay for non-tournament games
- Per diem rates for tournament work

Aha Sports is a new streaming media network broadcasting and recording youth sports. The organization has streamed over 100 sports games from the greater Seattle area. As Aha Sports grows to cover more games and sports tournaments, there are a number of openings for driven and interested applicants with an interest in sports media or the TV/Live streaming broadcast industry.
