

# ACE MENTOR PROGRAM OF WASHINGTON

## VIRTUAL STUDENT PRESENTATIONS

### THE ACE MENTOR PROGRAM HAD QUITE A YEAR!

This year, more than **160 students** on **11 teams** in Seattle, Bellevue, and Tacoma completed the virtual ACE Mentor Program, the first time student teams have remotely learned about architecture, construction, and engineering.

If this were a normal year, these students would present their case study projects to their peers, mentors, families, and teachers in lecture halls around Puget Sound. Instead, all the teams have pre-recorded their presentations to be broadcast in **a series of virtual webinar events**.

We invite you to **tune in to one or all** of these events! Support the creative industry leaders of tomorrow as they demonstrate all they have learned. All participants **must register** to receive call-in information and passcodes.
