

# School Year & Summer Programs & Internships

**Updated 3.25.2021**

Red indicates recent additions to the list.

**From the Sammamish High School College & Career Center:** The College & Career Specialist does NOT endorse any organization/event. The following list is provided as an informational service only. It is strongly recommended that every participant, as well as parent or guardian, research the organization thoroughly, before participating, to be certain it is an appropriate fit.

## Aeronautical Science Pathway (ASP)

*is a program for high school juniors and seniors in the Puget Sound region who want to become Pilots, Air Traffic Controllers, Aviation Managers, or Airline Dispatchers.*

*In addition to academic/technical content, students learn how to prepare for a job interview, network with aviation professionals, work effectively in teams, and assume key leadership roles. Students will also have the opportunity to apply for internships and scholarships and be mentored by industry leaders. Class sessions are Monday – Thursday from 3:45 to 6 p.m. at The Museum of Flight for the entire school year.*

## Girls Who Code

[Apply to Girls Who Code's free 2-week Virtual Summer Immersion Program](#) for an unforgettable experience!

Current 9th -11th grade girls and non-binary students are eligible to apply - no coding experience needed!

## Why should you join Girls Who Code this summer?

- Learn how to use HTML, CSS, and Javascript coding skills to make an impact on what matters to you. Not a coder yet? No problem!
- Join a sisterhood of supportive peers and make lifelong friendships!
- Meet women in tech from top corporations like Disney, AT&T, Twitter & more.
- Gain access to exclusive Girls Who Code alumni benefits, like college networking opportunities, hiring resources, virtual mentorship with corporate partners, a job platform with paid internship and job opportunities, and more!

You can join for free! Plus, Girls Who Code will provide need-based tech support for those who qualify.

## Spark Summer Internship Program - for high school students

We are a 501c (3) non-profit organization. We connect local high school students to companies, mentors, and universities for summer opportunities.

We just opened a few opportunities for high school students for the 2021 summer.

These opportunities vary - ranging from working on Google Maps / Extreme Weather modeling / Business development / Software development etc. from various companies in WA state and with university professors (UW, WSU)

Could you please forward this information to your students who may be interested? If there is a specific procedure to be followed for forwarding this information, please let us know

[Website: sparksip.org](http://sparksip.org)

Please let us know if you have any questions.

Thank you and Best Regards

-Anu Vadari

## UW Multicultural Outreach & Recruitment has

upcoming events serving American Indian, Alaska Native, Southeast Asian, and Latino students. At these events, students will discover resources, connect with UW admissions counselors, current students, and make connections that will last throughout the application process. Please encourage you to share these events with your students.

It is our goal to ensure that students feel reflected in their community and learning environment and we appreciate your partnership.

**What:** Native American Student Day, Rising SEAs, & Esperanza En Educación Conferencia
