Time: 1:30 – 2:30 p.m.

Miranda Richardson, Senior Customer Success Account Manager at Microsoft

Miranda Richardson is a Senior Customer Success Account Manager at Microsoft and the BAM Worldwide External Connections Committee (ECC) Lead for FY21. This role focuses on creating a systematic method to sourcing, building, and nurturing external partnerships in a scalable way that brings value to BAM and Microsoft. This committee focuses on collaboration, community partnerships, diversity, and inclusion, as well as the annual BAM Scholarship.

A graduate of Northwestern University in Chicago, her background in technology spans over 20 years in various consulting and leadership roles. Assisting global corporations focusing on large-scale complex technology implementations. Miranda transitioned to San Jose, CA in 2018, to catapult her own career with Microsoft taking on a new level of role in global customer success. She is an Advisory Board member to the Blacks in Technology Foundation, having over 10,000 members globally.

Alice Steinglass, Past President of Code.org

Alice is a technology executive who has worked on a number of technologies you use such as Xbox or Windows. For the last 5 years, she was the President of Code.org. There, she led teams building curriculum, tools and software to support introductory computer science classes for students from kindergarten through high school with a focus on reaching groups that traditionally have been underrepresented in technology. She's currently taking a break from working and enjoying some time off with her kids. Her son is a 10th grader at Big Picture School.
