

## AFTERSCHOOL PROGRAMS

**Young Explorers**, in partnership with Medina Academy, Radiance Learning, and other local STEM partners, provides a safe aftercare environment and motivates students to learn and have fun through enrichment programs. Our program allows your child to engage in active play and collaborate on fun projects. In the process, they'll continue to develop the physical, educational, emotional, and social skills that are essential for success. We help with their homework, provide worksheets, casual arts and crafts, games, and outdoor play based on weather.

In our care, your child will receive:
