

## **Annual Governance Goals, Objectives, and Board Calendar**

### **Annual Board Goals & Objectives**

Each school year, the board will formulate goals and objectives to guide effective board governance. The goals and objectives should support the District's annual and strategic plan and should attend to the Board's role in supporting those plans. These goals and objectives may include but are not limited to board functions of:

- A. Responsible school district governance;
- B. Communication of and commitment to high expectations for student learning;
- C. Creating conditions district-wide for student and staff success;
- D. D. Holding the district accountable for student learning; and
- E. Engagement of the community in education.

At the conclusion of the school year the board will reflect on the degree to which it has met its goals and objectives by conducting a board self-assessment, per Policy 1820, and engaging in board development activities where needed.

### **Annual Board Calendar**

To provide a comprehensive plan for the Board to conduct its business and to ensure accountability in all areas of the District's operations, the Board shall create an annual calendar that identifies key areas for focus and for reporting by month. This calendar should include, though is not limited to, the following areas:

- Annual and Strategic Plan Priorities
- Program and Student Performance Reviews
- Stakeholder and Community Partner Engagement
- Board Committee Reports and Related Board Business
- Regular Board Business Items
- Additional non-standing Board Business Items
- Board Study Sessions
- Board Workshops
- School Visits and School Improvement Plan Reviews
- Board-Required Reports
- State-Required Board Actions and Reports

Items on the annual calendar may be addressed/reported annually or may be on an alternate, but regular, cycle of reporting. Additionally, all reports are not required to be given orally during a board meeting; some may be submitted as written reports to the board, but these should still be identified on the annual calendar and on the board agenda at the time the report is given. All reports specified in Policy 0300, and all reports specified in Board Policies must be accounted for in the annual calendar.
