

Interscholastic Activities

I. Athletic/Activities Code of Conduct

A. Preamble

The Bellevue School District (the District) is committed to ensuring an environment where all student participants (participants) have every opportunity to engage in programs aligned with the District's Vision, Values, and Purpose for athletics and activities. It is also important to remember participation in extra-curricular programs is not an entitlement. The district is committed to equitable access to extra-curricular activities for each and every participant and when necessary, an equitable application of corrective action(s) for participants at the discretion of building administrators (Principals or Assistant Principals) and/or Athletic/Activity Director.

Corrective actions will be consistent with the District's mission and goals and in the best interest of students. The building administrators (Principals or Assistant Principals) and/or Athletic/Activity Director will ensure that corrective action is consistent, fair and balanced; progressive in nature; and considers the developmental level of the participant.

The Athletic/Activities Code of Conduct ("the Code") takes effect when a participant enrolls in any of the District's high school athletic and/or activity programs and ends when the participant graduates from any one of the District's high schools. Violations under the Code throughout a participant's high school years will lead to progressive corrective action(s), in terms of severity up to removal from extra-curricular programs.

Each school, program, and activity will notify all participants about the Code, its requirements and corrective actions on an annual basis.

B. Implementation of Corrective Action and Process

Participants who exhibit any of the behaviors that rise to the level of exceptional misconduct as defined in Policy and Procedure 3241 (Classroom Management, Discipline and Corrective Action) may be subject to corrective action under the Code.

1. If there is a reasonable belief a participant violated the Code, and the violation made known to an employee of the Bellevue School District, the allegation must be reported to a building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director.
2. Any reported allegation of a potential violation will result in an investigation. At minimum, the investigation will include:
 - a. An opportunity for the affected participant to explain his/her involvement to a building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director. Prior to the affected participant explaining his/her involvement, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will ask if the affected participant wishes to have a trusted adult with them throughout the report and investigation.
 - b. A review of any previous corrective actions relating to the affected participant.
 - c. Interviews with others (students, staff members, coaches, etc.) who may have knowledge of the alleged incident.
 - d. An interview with the parent/guardian, as appropriate.
 - e. The building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director may determine that other steps must be taken before the investigation is complete.

3. If concluded that the participant did violate the Code, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director may determine an appropriate corrective action in consultation with the District Athletic and Activities Director as appropriate. The corrective action will be commensurate with the nature of the extra-curricular activity, the participant's offense, honesty, and his/her own conduct, and/or other relevant factors.
 - a. Corrective action(s) applied under the Code are to be interpreted in a way that would not limit the application of disciplinary corrective action that would otherwise be imposed under other applicable policies and procedures when appropriate.
 - b. A participant who wishes to appeal the imposition of a corrective action under the Code may appeal pursuant to Section D (**Appeals of a Corrective Action**) of the Code.
4. If concluded that the participant did violate the Code, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will provide the participant and parent/guardian a written record of the corrective action imposed on the student participant. The written record will include at minimum the behavior that led to the corrective action, the corrective action, and applicable appeal rights. Records of corrective action imposed on a participant under the Code are maintained in the same manner as any other student information.
5. Should a corrective action under the Code be applicable for a co-curricular activity that is part of a credit course for grade (examples include drama, music, journalism, art), or other school approved activities as defined in Policy 2150 (Co-Curricular Program), the building administrator (Principal or Assistant Principal) will determine an appropriate corrective action. The corrective action will only be for the co-curricular event portion of the activity commensurate with the nature of the co-curricular activity, the student's offense, honesty, and his/her own conduct, and/or other relevant factors.
6. If a student commits an infraction of the Code, but is not currently involved in a sport/activity, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will determine an appropriate corrective action. The building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will then:
 - a. Either apply a corrective action with a completion date PRIOR to the next sports season in which the student participates,
 - Note: If the student does not participate in a sport/activity within a calendar year, no corrective action will be applied.
 - Note: Participation is defined as follows: the student must report for try-outs and complete the season in order to serve the corrective action that has been imposed.
 - b. Or apply the corrective action to the next consecutive sports season in which the student participates.
7. Corrective actions apply to the sport and the activity if the student participates in both concurrently during a given school year.
8. If a corrective action imposed on a student participant overlaps with a period of ineligibility in a sport or activity (for reasons including but not limited to grades, injury, or practice requirements), the corrective action does not begin after the period of ineligibility. Instead, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will determine an appropriate corrective action commensurate with the nature of the extra-curricular activity, the student's offense, honesty, and his/her own conduct, and/or other relevant factors.

C. Alcohol, Drugs, and Other Mood Altering Substances

Under Administrative Procedure 2151P (Interscholastic Activities), students who participate in athletics and/or activities are expected to refrain from the unlawful use of alcohol, marijuana, tobacco, and controlled substances.

Any second or greater offense for drug and/or alcohol throughout a student's grade 9-12 enrollment in a District school, with the exception of distribution, would take into consideration the original offense. While considering corrective action for a second or greater drug/alcohol offense, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director will contact the District Athletic and Activities Director. **The following list is a menu of possible corrective actions to apply in a second (or greater) offense.** The corrective action taken will depend on the circumstances and any previous alcohol, drug or other mood altering substances offenses a student has previously committed. D. Appeals of a Corrective Action

A student athlete who wishes to appeal the imposition of this corrective action may appeal the decision at the school level through the following means:

1. The first level of appeal is with the building principal.
 - a. The participant and/or parent/guardian must request an appeal conference with the Principal in writing.
 - b. The participant and/or parent/guardian must include the corrective action that is the basis of the appeal in their written request.

- c. The Principal will schedule an appeal conference, the purpose of which is to listen to the reason and rationale for the appeal.
 - d. The Principal will provide the participant and parent/guardian a written record of their decision related to the appeal.
 - i. The written record will include at minimum the behavior that led to the corrective action, the corrective action, the reason(s) and rationale for the appeal, and the Principal's decision.
2. If the school decision was made by the Principal, was upheld by the Principal, or the participant is not satisfied with the decision at the first level of appeal, the participant may file a second level appeal with the District Athletic and Activities Director.

3. If the participant is not satisfied with the decision made by the District Athletic and Activities Director at the second level of appeal, the participant may file a final appeal with the District's Disciplinary Appeal Council (DAC) and is entitled to due process rights outlined in WAC 392-400-240 (Discipline – Grievance procedure).

NOTE: If the appeal relates to a second (or higher) violation of controlled substance use and the participant competes in a sport sanctioned by the Washington Interscholastic Activities Association (WIAA), and the participant wishes to gain eligibility for competition, then the participant must file a second appeal directly to the Executive Director of the WIAA.

NOTE: A student does not retain the ability to participate in any capacity in the program/activity while awaiting an appeal of a corrective action. **While waiting for an appeal hearing, the corrective action in question remains in place.**

II. Attendance Requirement

Student athletes are expected to attend school on days of practices and competitions. Coaches are provided with a daily printout of attendance to ensure their athletes are eligible to practice or compete based on the following:

- Students must attend a minimum of (5) classes for a 7-period schedule (Monday, Tuesday and Friday)
- Students must attend a minimum of (4) classes for a 6-period schedule
- Students must attend a minimum of (2) classes for a 3-period schedule (Wednesday)
- Students must attend a minimum of (3) classes for a 4-period schedule (Thursday)

In rare, extreme and extenuating circumstances beyond the control of the student, eligibility to practice or compete may be granted in advance on a case-by-case basis.

III. Grade Point Requirement

Besides meeting WIAA academic standards to maintain eligibility during the current semester, BSD students shall maintain at minimum a 2.0 cumulative grade point average (GPA) while enrolled in at least six classes in order to participate in a sport and/or activity. The record at the end of the semester shall be final, except for credits earned and approved by the Bellevue School District.

If a student-athlete's cumulative GPA falls below 2.0, that student-athlete is academically ineligible and placed on suspension from competition.

- The suspension period shall be for a three (3) week period from the start of the initial grade check for that sports season. For 1st semester grade check (3rd grade check of winter sports season), the suspension period shall be the first three (3) weeks of the succeeding semester.
- The student-athlete may attend and participate in practices but is prohibited from participating in competition during this period.
- At the end of that three (3) week period, a new grade check will be conducted and eligibility will be determined at that time. If the student athlete is maintaining a minimum 2.0 current GPA in at least six (6) credit bearing classes, the student may then be reinstated for interscholastic competition.
- Each student athlete is eligible on Monday of the week following the end of the suspension period. Three or more teaching days shall constitute a week.
- Credit and grade checks will occur approximately every four (4) to six (6) weeks throughout the season and eligibility will be determined by these checks.

However, there may be unique and unusual circumstances that result in less than a 2.0 cumulative GPA. If any student, parent/guardian, teacher, coach, administrator and/or counselor, believes that there is such a circumstance, they may request a waiver of this requirement.

Circumstances that may qualify for unique and unusual are listed below. This list is not exhaustive.

- The student enrolled in the district within the last two years with a credit deficiency and low grades. Given the limited amount of time to recover, the student was able to complete the credits required, but not meet the 2.0 GPA.
- The student experienced a significant health, mental and/or emotional situation that significantly interfered with the ability to attain the 2.0 GPA.
- The student has an identified disabling condition.
- The student has made extraordinary effort (re-took classes, took challenging and rigorous courses beyond his/her level and in spite of working hard earned low grades, attended tutorial regularly, attended summer school, took optional learning programs, etc.) to earn the requisite GPA but in spite of all his/her efforts, was unable to meet the requirement.
- The student is a winter student athlete, already served a suspension period during the winter sport season due to the BSD standard and earned at least a 1st Semester GPA of 2.0.

Process to apply for a GPA Waiver:

1. Student completes the 2.0 Cumulative GPA Athletic Requirement Waiver Form and submits to their athletic director along with a transcript.
2. Athletic Director sends the paperwork to the student's assistant principal for review and adjudication.
3. Student returns the form to the Athletic Director. If the request is denied, the parent/guardian and/or student will have the opportunity to appeal to the Principal. All privileges associated with athletic and/or activities will be denied the student pending the outcome of any appeal request.
4. The Principal will work as efficiently and judiciously as possible to act on appeals in order to maximize the possibility that the student and/or his/her parent may exercise their rights to appeal prior to any privileges being lost.

5. If the request through the Principal is denied, the student may request an appeal conference with the District Activities and Athletic Director which constitutes Step Three of the District complaints procedure outline in Bellevue School District Procedure 4220P (Complaints Concerning Staff and Programs).

IV. WIAA Compliance and Coaches

The interscholastic program must adhere to the mission statement and policies of the Bellevue School District Board of Directors and the Washington Interscholastic Activities Association (WIAA) rules and procedures. Each school is to have procedures in place for selecting adult advisors/coaches; for annually notifying parents and participants of rules, regulations and expectations in each sport/activity; and for supervising and evaluating coaches/advisors and programs.

Filing a Report of a Potential Violation

The Bellevue School District strives to provide guidance to students through athletics and activities as they develop into productive adults, who understand that dedication, resiliency, and respect translate into success in life. As such, the Bellevue School District is committed to providing opportunities for participation in athletic and activity programs aligned with the mission statement and policies of the Bellevue School District Board of Directors and the Washington Interscholastic Activities Association (WIAA) rules and procedures.

All individuals have the responsibility to report possible or alleged violations of District policy and/or WIAA rules and regulations either in writing or orally to a building administrator (Principal or Assistant Principal), building Athletic/Activity Director, or the District's Compliance officer at the earliest possible date for investigation and subsequent response.

1. When information of an alleged violation of District policy and/or WIAA rule violation is received (either written or oral) by an employee of the Bellevue School District, the allegation must be reported to a building administrator (Principal or Assistant Principal), building Athletic/Activity Director, or the District's Compliance Officer. Any report received by a building administrator (Principal or Assistant Principal) or building Athletic/Activity Director must be reported to the District's Compliance Officer.
2. Any reported allegation of a potential violation will result in an investigation. The District's Compliance Officer will ensure implementation of the policy and procedure by overseeing the investigative processes, including selection of an appropriate investigator and ensuring that investigations are prompt, impartial, and thorough.
3. At minimum, an investigation will include:
 - a. A meeting with the individual who received the alleged violation(s) to obtain a written summary of the allegation and any other materials accumulated by that date.
 - b. Additional interview(s) of individuals who have first-hand information or that may lead to other individuals with first-hand information relative to the alleged violation. Prior to any interview with an individual under the age of eighteen, the investigator will inquire if the individual wishes to have a trusted adult with them during the interview.
 - c. A review of any other documentation that relates to the allegation.
 - d. The investigator may determine that other steps must be taken before the investigation is complete.
4. At the conclusion of the investigation, the investigator will complete a written record outlining all findings. The investigator will provide a written record of the investigation. The written record will include:
 - a. a brief history of the investigation,
 - b. a statement of all the alleged violations, and
 - c. a detailed summary of all the evidence relating to the allegation(s).

The case summary will also indicate whether, and to what extent, the corroboration or verification of considered information. The investigator should also provide any mitigating facts that exist.

5. If concluded that the allegations were a policy violation and/or WIAA Rule violation, the building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director of the school where the violation occurred will work to determine an appropriate corrective action in consultation with the District Athletic and Activities Director as appropriate. The building administrator (Principal or Assistant Principal) and/or Athletic/Activity Director of the school where the violation occurred will also follow applicable District procedures, KingCo and WIAA Rules related to self-reporting violations of WIAA Rules.

V. Non-WIAA Sports

1. The Bellevue School District Board of Directors has authorized club sports in Water Polo, Lacrosse, and Girl's Badminton as "non-WIAA sports" within the meaning of Policy 2151. Students who participate in approved non-WIAA sports must be residents of the Bellevue School District. The Board will not authorize a club sport for a high school where the high school has a WIAA-sanctioned sport or activity.
 - A. For teams with members from more than one high school, the home high school will be determined by the high school principals in consultation with the Athletic Directors. Any club sports allowed under this policy include only students who reside within the Bellevue School District.
2. These three non-WIAA sports were approved on the basis of the following conditions:
 - A. Parents and/or participants provide the funds to pay for:
 - i. coaches' salaries,
 - ii. equipment (including helmets, helmet inspections and reconditioning, if needed for such sport),
 - iii. mouthpieces,
 - iv. uniforms,
 - v. pool fees (if applicable),
 - vi. officials' fees (if applicable),
 - vii. transportation (if necessary),
 - viii. trainers (where required for safety and/or insurance requirements),
 - ix. fees for fields (if applicable),
 - x. in addition, site supervision for practice(s) and contests.
 - B. Funds must be sufficient to cover any pre and post- season costs. Acceptance of funds for non-WIAA programs must follow provisions outlined in administrative procedure 6114P: Donations.
 - C. The District's Budget Office will determine funds for coach salaries prior to the start of the first practice. Each team will deposit said funds in the appropriate school's ASB account prior to the start of the first practice.
 - i. The parents/participants may pay all other financial expenses as they come due; but payments must be timely.
3. Each year the District will provide the groups with a calculation of anticipated costs and monies that need to be deposited with the District prior to the commencement of the sport season. If at any time there is no advance deposit of the requisite funds, said sport will NOT be offered and, thereafter, will not subsequently be offered.
 - A. The District will contribute up to \$4000 for pool fees per season per team
 - B. Badminton fees, paid during registration for the spring season, are specific to each school's badminton program. As such, the fees are collected in each school's badminton ASB account.
4. The District maintains the right to sever any and all relationships with that sport/activity should it occur that the District ever finds it must use its own funds to meet a financial obligation or debt incurred by any of

these non-WIAA sport activities. The severing of a relationship will mean no District involvement with that sport/activity and the authorization provided under this policy will be deemed withdrawn immediately.

5. Insurance coverage is available through the District's insurance providers and appropriate safety measures are in place for the participants, as recommended by the District's insurance advisors/risk managers.
6. Coaches will and must be paid according to the salary schedule determined by the District and the Bellevue Coaches Association and they must meet all other requirements concerning other coaches.
7. WIAA sports will be given first priority for use of fields and other school facilities.
8. Athletic Directors will oversee and approve the selection, hiring, continuation with District programs and/or recommendation of termination of coaches. All personnel associated with these two sports must adhere to and conform to the rules that the District has for all of its personnel.
9. Participants on these teams must conform to the rules and regulations for any student who participates in a school sport/activity/club. This includes, but is not limited to, eligibility for participation and standards for behavior.
10. Program Supervisors: Athletics and Student Support (Athletic Directors) will oversee and approve the operation of these non-WIAA sports programs (scheduling, transportation, etc.) to ensure that they conform to school and District policy and procedures.
11. A team may find that it needs to use a District school other than its home high school field. For teams with members from more than one high school, the Athletic/Activity Directors in consultation with high school principals will determine the home high school. The team's priority will be lesser or equal to community-user groups. This priority relates to high school feeder programs that are tied to a specific high school.

VI. Athletic Eligibility for Big Picture and International Schools

Students who attend one of the Bellevue School District "choice" schools serving students in grades 9- 12 will maintain athletic eligibility at the comprehensive high school serving the neighborhood in which they reside.

- Students attending Big Picture School who do not reside in the Bellevue School District are eligible to compete for Sammamish High School
- Students who attend International School and do not reside in the Bellevue School District are eligible to compete for Bellevue High School.

VII. Sunday Practices and Competitions

All interscholastic athletic activities must take place between Monday and Saturday, therefore Sunday practices and competitions are prohibited. Athletic Directors may request an exception to the competition prohibition by making a request in writing to the District Athletics and Activities Director in advance of the competition.

VIII. Program Evaluation

Under Policy 2151, (Interscholastic Activities) an annual review of each program is required to ensure that each program is meeting the goals of the District and the needs of the students. Such reviews must include broad-based input from participants and their families. Each athletic program will conduct a survey of student athletes and parents as a source of data to inform athletic directors and administrators in their annual review and to provide informative feedback to coaching staff.

IX. Compliance Officer

For the purpose of this procedure, the District Athletics and Activities Director serves as the Compliance Officer for the District.
