Notes:

- High school is defined as ninth through twelfth grades and middle school is defined as sixth through eighth grades
- Credit value for high school courses taken in the middle school years is described in the Bellevue School District Course Catalog which is available on the District website
- If a course is taken outside of the BSD, students must provide a copy of the middle school grade report or transcript. Registrars will verify that the course qualifies for credit and will place on the student's high school transcript.
- Once high school credit has been posted on a student transcript, it cannot be removed
