

# ACCESSIBILITY TOOLS

## to access Curriculum

### *Need help reading text?*

#### OneNote Content:

- Try [Immersive Reader](#) to listen to text read aloud
- Try [EDGE browser](#) to read pdf's and webpage readings
- Try [Word Q 5](#) full featured reading and writing support software if there are embedded pdf's that are not readable by Immersive Reader.
  - Contact Assistive Technology about an additional license for your student.
- Try [Office Lens](#) to convert print to readable digital text on the fly
- [Microsoft Translation Support Tools](#) to support multi-language learners

#### Additional textbooks, magazines or books:

- Try [BSD Books](#) Digital Library for audiobooks available for all students
- Try [King County Library System](#) (KCLS) through Libby App for all students
- Try [Bookshare](#) for accessible digital textbooks or novels that support the curriculum for students with qualifying print disabilities
  - Talk to Assistive Technology or your building Special Education teacher

### *Need help writing assignments within OneNote or Word?*

- Try Windows 10 [Word Prediction](#) to get help with spelling
- Try Microsoft [Dictate](#) to speak your thoughts instead of typing
- Try Microsoft OneNote [Audio Note](#) to create short voice recordings
- Try [Graphic organizer](#) resources to help brainstorm and organize your ideas
- Try [Word Q 5](#) full featured reading and writing support software with robust word prediction, topic dictionaries, word banks and speech recognition tools.
  - Contact Assistive Technology about an additional license for your student.
