

Equity Advisory Group

To affirm Bellevue School District's commitment to provide a positive and supportive learning environment, meeting the needs of each and every student through individualized supports and services we are forming an Equity Advisory Group.

We Will Engage

A diverse breadth of voices from among our community who represent our students in terms of race, cultural background, geographic areas of the district, grade levels, and academic and extracurricular programs.

Goal

To better understand the unique and shared student needs across our district and to ensure those needs are being addressed in both policy and in the way we do our work every day.

Membership

The advisory group will include staff, parents, students, community members and other experts. **Members are expected to attend all meetings.**
