Board Director My-Linh Thai Resigns from School Board *Thai elected as State Representative for Legislative District 41, Position Two*

BELLEVUE, Wash. – It is bittersweet for us to share that School Board Director My-Linh Thai has announced her resignation effective Nov. 21. As a result of yesterday’s elections, Thai was elected for State Representative for Legislative District 41, Position Two.

As Thai prepares for her new role, we extend our appreciation to her for serving each and every student during her five-year tenure on the BSD Board of Directors.

“I’m extremely grateful for My-Linh’s service to our community,” said Superintendent Ivan Duran. “She has been a champion for equity and inclusion of all students over her years of service and I’m grateful for all she’s done to ensure each student finds success here in Bellevue schools.”

In her resignation letter Thai stated, “It has been a pleasure and an honor to serve on the Bellevue School District Board, and I am proud of all we have achieved together. As both a Board Director and the parent of two children in the District, I have witnessed up close our community’s extraordinary commitment to providing an exemplary public education for our students. I feel privileged to have learned so much from every person I have met these past five years, and I carry with me the lessons learned and my passion for education into my new role at the State level.”

The school board will be discussing next steps at their Nov. 20 meeting.
