

Nonresident* FAQ

If the anticipated needs of all resident students and nonresident students of Bellevue School District employees can be met, nonresident students may be allowed to attend school in the District if there is space available.

[Procedure 3141P Nonresident Students](#)

*Anyone living outside of the Bellevue School District boundaries.

- 1. I live outside of the Bellevue School District (nonresident) and my student currently attends a Bellevue School District school. Can my student return to BSD next year?**
Yes. If you are returning to the same school and discipline or truancy have not been a concern, you will receive an email with the subject line "Nonresident students – Bellevue School District." Submit your forms following the timeline provided in that email.
- 2. What if my current BSD student is changing school levels to middle or high school?**
Continued enrollment is not guaranteed. You will need to submit a BSD Interdistrict Transfer application as well as a Choice Transfer Request, requesting enrollment at the new school.
- 3. When will nonresident applications for new students be accepted?**
Beginning on Monday, April 1, 2019 we will accept applications from nonresident students. If we receive multiple applications for the same school and grade, we will lottery the students to create nonresident waitlists. Applications received after April 30 will be placed on the waitlist in the order received.
- 4. If I turn in the application forms early will that give us a better change of entry to BSD?**
No. Early applications will not be accepted. Applications received before April 1, 2019 will be void and will not be eligible for nonresident waitlist placement.
- 5. Is the Bellevue School District accepting students who do not live in the BSD boundaries?**
Maybe. Because many of our schools are at or above capacity you should make plans to attend school in your home district. You may submit a BSD Interdistrict Transfer application, if it cannot be approved, your student will be placed on a waitlist. If space becomes available and we are able to place nonresident students at the requested school we will contact you. Placement may not be offered until September.
- 6. If I am a full-time employee of the Bellevue School District but I live outside the district (nonresident), can my student attend BSD?**
Yes. If you are a non-resident fulltime employee (.75 FTE or 30 hours/week) of the Bellevue School District and you want your children to attend a BSD school, please refer to the email sent to your @bsd405.org email address.
